

# E-Learning Portal

## for Agricultural Education

<https://elearning.icar.gov.in>

The E-learning portal has been developed by ICAR-Indian Agricultural Statistics Research Institute (IASRI) under the NAHEP component 2 project “Investments in ICAR Leadership in Agricultural Higher Education”. It is a collaborative platform offering a diverse range of E-courses meticulously created by renowned faculty members from the State Agricultural Universities and ICAR Deemed Universities. This aligns with the UG and PG course syllabi of the Agricultural Education Division of ICAR, which are followed by all Agricultural Universities in India. The E-Learning portal provides **250+** E-Courses in various disciplines of agricultural sciences.

### E-Course Features

- Content created and reviewed by renowned AU faculty
- Free access to all learners
- Content aligned with academic curriculum
- Self evaluation with interesting assessment
- Mobile and Computer friendly content
- Study at your place anytime and anywhere

### E-Course Components

#### Lesson Content

Comprehensive and structured material covering various topics in Agricultural Sciences

#### Glossary

A comprehensive list of key terms and definitions to aid in understanding course material

#### PDF Presentation

Downloadable PDF presentations summarizing key topics for easy reference and study

#### Assessments

Assessments gauge understanding, highlight focus areas, and enhance the educational experience

#### MCQs

Multiple-choice questions assess understanding by offering options to select the correct answer across topics

#### True/False

Presents statements for validation, aiding in concept clarification and reinforcement

#### Short Q&A

Provides concise questions and answers to test specific knowledge points

#### Long Q&A

Involves detailed questions requiring comprehensive answers for deeper

#### Fill-Ups

Consists of sentences with blanks to be filled, enhancing recall and application skills

## Explore the Portal to Uncover

Meticulously designed courses

Various components of content

Content created by subject matter experts

Study at your own pace, anytime and anywhere

Assess your progress with assessments

Mobile and computer friendly content

## E-Courses on the Portal

**80+**

PG E-Courses

Livestock Production Technology & Products Management

Veterinary Para Clinical Subjects

Agricultural Engineering & Technology

Basic Sciences

Biotechnology & Bioinformatics

Food Science & Technology

Physical Sciences

Social Sciences

Dairy Science & Technology

Home Science

Plant Protection

Statistical Sciences

Basic Veterinary Science

Fisheries Science

Horticultural Sciences

**170+**

UG E-Courses

Fisheries

Agriculture

Dairy Technology

Home Science

Horticulture

Agriculture Engineering

Biotechnology

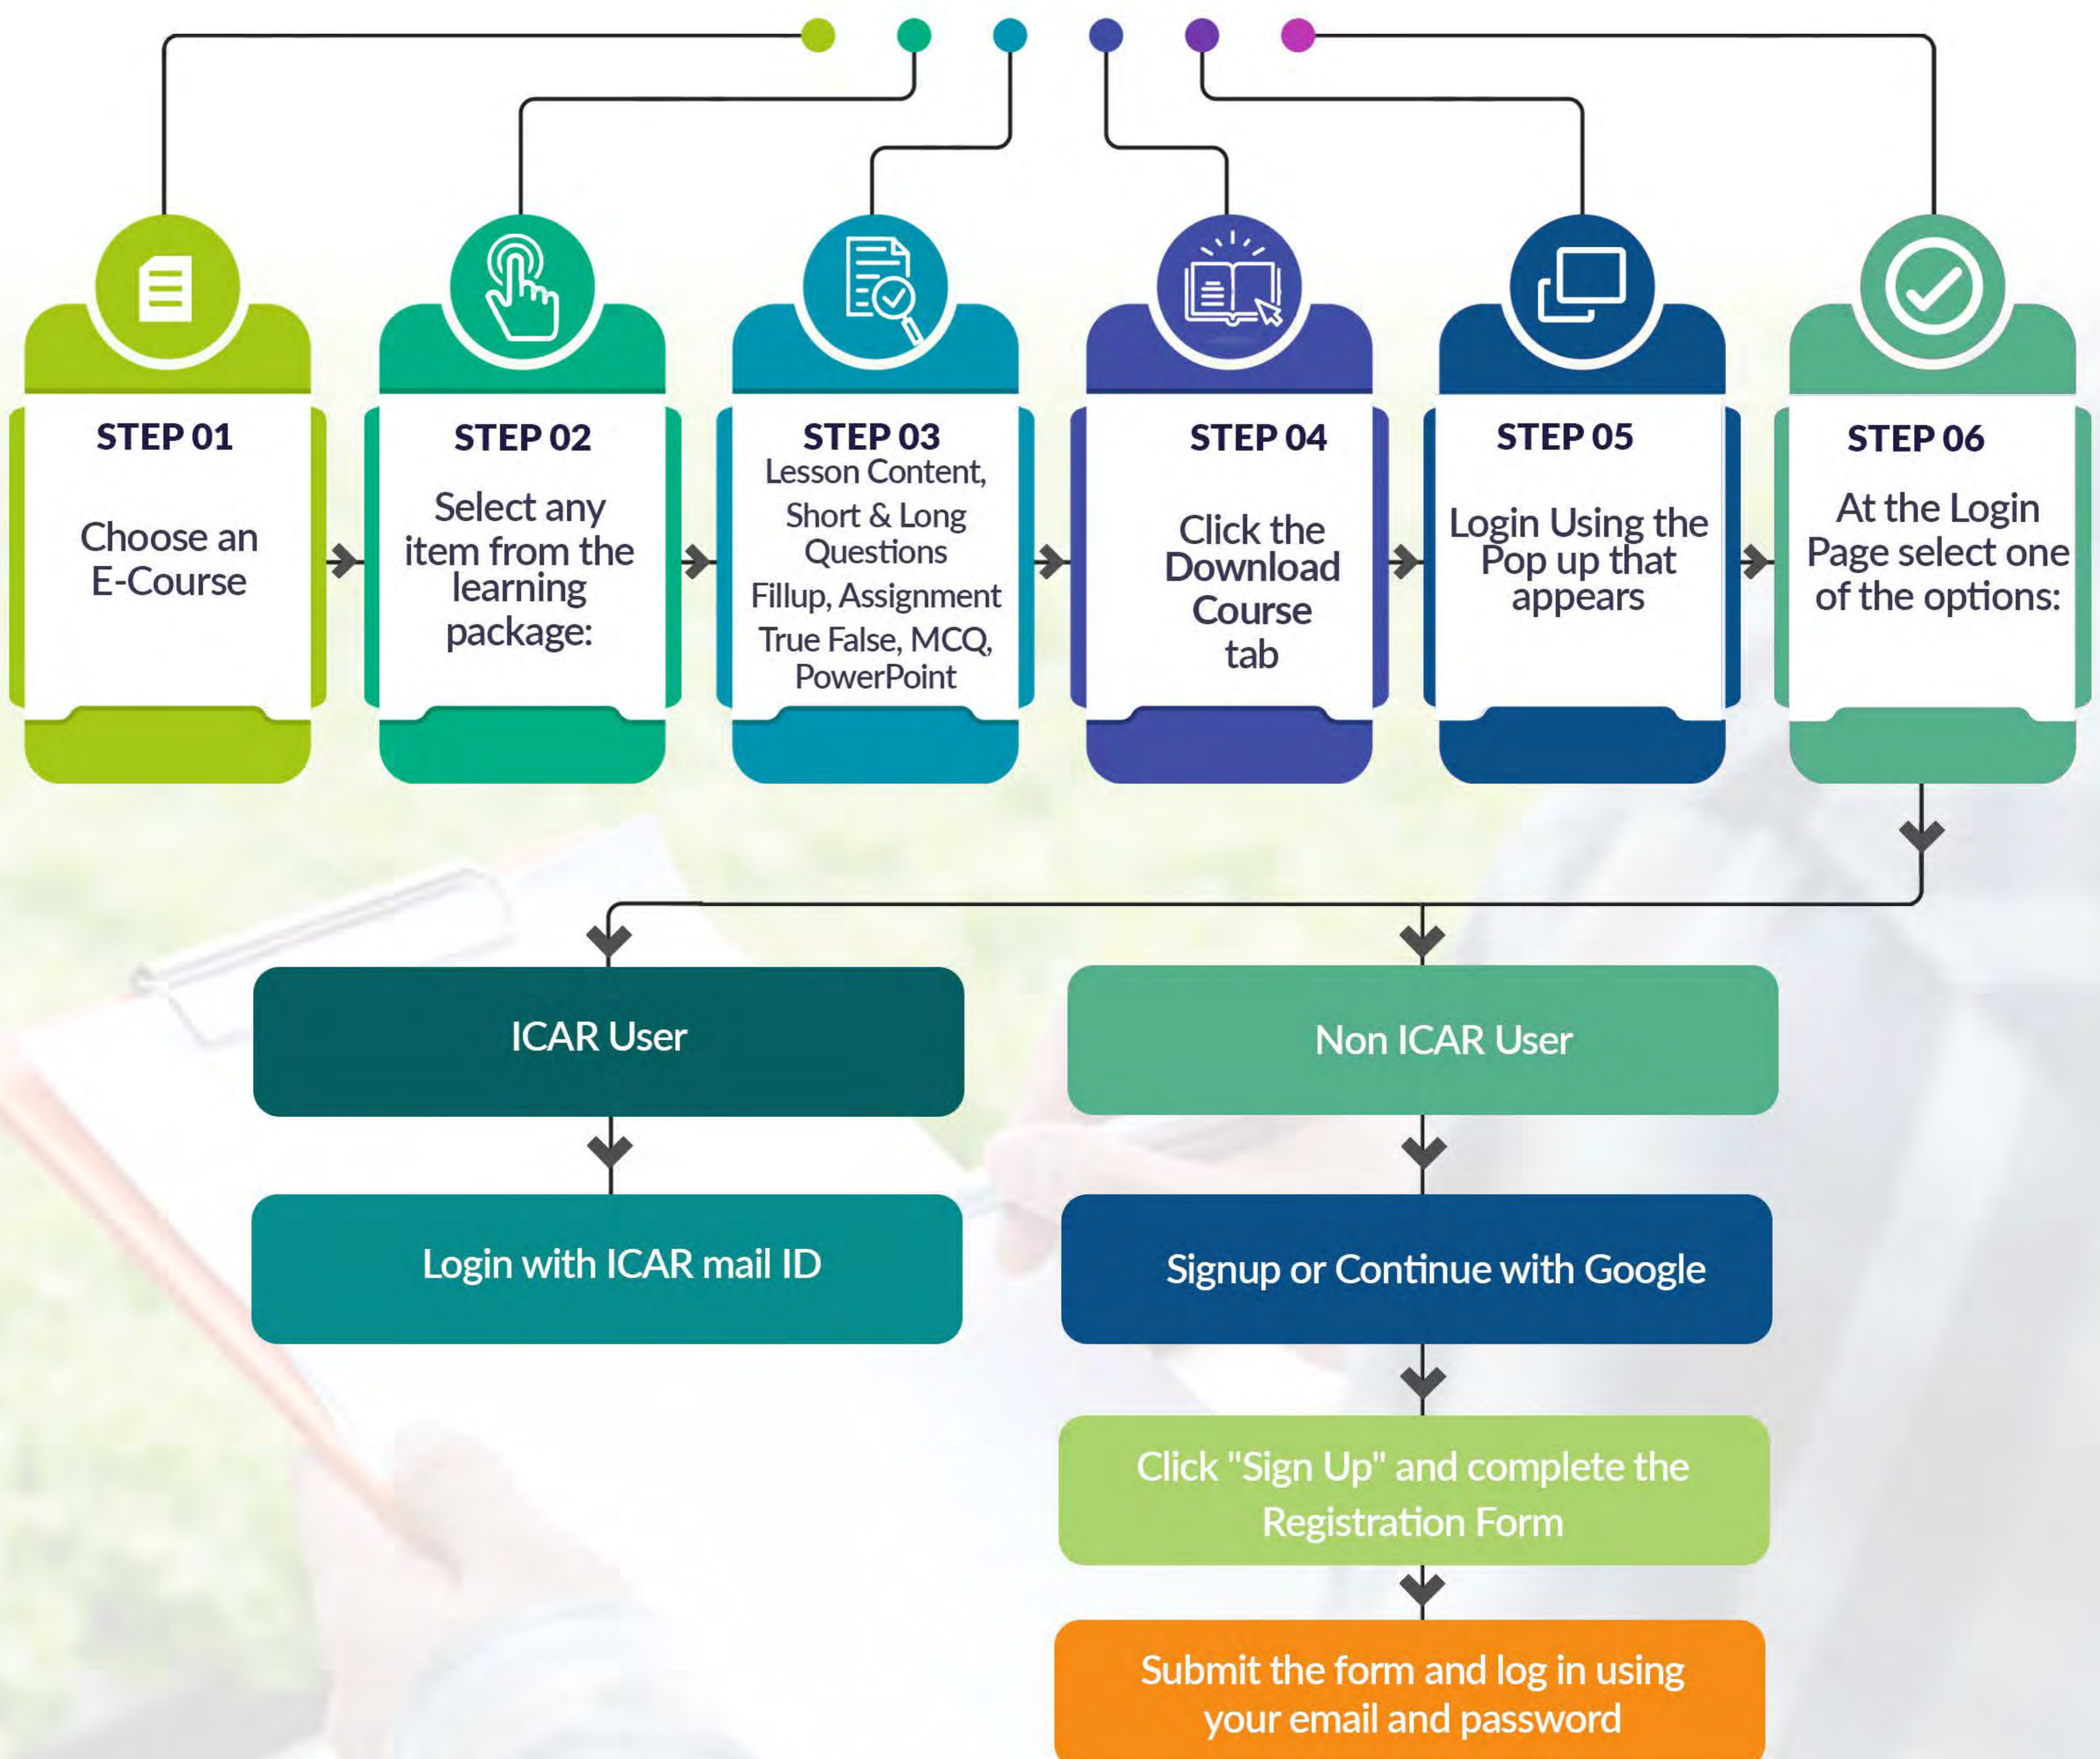

Forestry

## Steps to access the E-Course

## Steps to Register and Download the E-Course

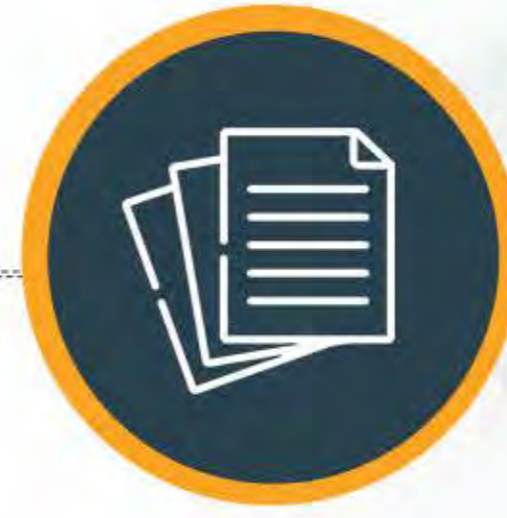

## E-Courses in Agricultural Sciences

**Downloadable  
Course Content**

**Exhaustive  
Question Bank**

**Crispy Ready Reckoner**

### Credits for E-Learning Portal

**Dr R. C. Agrawal**

DDG (Agricultural Education) &  
National Director (NAHEP), ICAR

**Dr Anuradha Agrawal**

National Coordinator (CAAST & NAHEP  
Component-2), ICAR

**Dr Rajender Parsad**

Director, ICAR- IASRI

**Dr Sudeep Marwaha**

PI, NAHEP, Component-2, ICAR- IASRI

**Dr Shashi Dahiya**

CO-PI & E-Learning Activity  
Coordinator, ICAR- IASRI

**Dr Anshu Bharadwaj**

CO-PI & E-Learning Activity  
Coordinator, ICAR- IASRI

E- Learning Consultant - Dr R. C. Goyal

IT Professionals - Priyanka Wahi, Nisha
